

Power Connectors – Locking 3 Pole Power Connectors

IO-PRC3FA

IO-PRC3FB

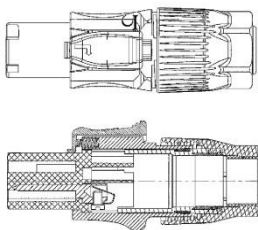

IO-PRC3MPA

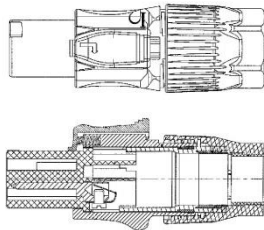

IO-PRC3MPB

- Mates perfectly with Neutrik® connectors
- Rugged connector for single phase AC applications
- Rated for 20 A /250 V AC
- Simple and dependable locking mechanism prevents connections from coming loose
- Connectors are color coded and each is keyed differently to prevent inter-mating. Blue is for power input and gray is for power output
- Rigid and durable plastic shell design
- Boot designed to be tightened with a wrench
